

## Forest Encounter - Pines

The branches of the pine trees extend almost to the ground.

They can be used as visual cover or hiding spots.

Moving through the branches counts as difficult terrain for medium creatures or smaller.

Climbing the trees is not difficult, requiring a DC10 athletics check.

Attacking or casting spells while climbing or hanging from the trees requires a DC12 acrobatics check.

**!1 - Large Pine Tree - 45ft tall**

**!2 - Pine Tree - 30ft tall**
